Activities:

- Count on and back from a given number in ones and tens.
- Place numbers in the correct place on a blank number square.
- Counting in multiples of 2, 5 and 10.
- Cover numbers on the square. Can your child identify them?

General activities

- Counting money - give child loose change to count, allow them to pay when shopping.
- Looking at numbers around you - on the bus, number plates, and posters in the shops.
- Looking at an analogue clock and learning to tell the time with confidence and being able to work out how long activities will take.
