

Welcome back to
School Year 6

Arriving and Leaving school

- Children should be lining up outside the school gates making sure they are standing 2 meters apart. All gates will be open.
- It is encouraged that Year 6 children should come in and leave on their own (no Parents) to minimise risks.
- They should also bring and collect their younger siblings in Year 1 and Reception.
- Children should follow the signage and make sure they only come in through the gate marked 'IN' and leave through the gate marked 'out'
- There will be a member of staff at each gate to direct the children into the school premises.

Entering Year

6

- After dropping their siblings in Year 1 and Reception, children should use the Year 6 doors to go their classrooms.
- This is the only way to access the Year area as no one will be allowed to walk through the rest of the school.
- A member of the Year 6 team will be at the doors guiding children in and reminding them of the rules.
- Children should go straight to their classrooms making sure they maintain a distance of 2metres from others.

Back in the Classroom

- As soon as children walk into their class, they will have to wash their hands at the sink before taking their seats at their assigned desks.
- Each child will be seated at their own desk at a safe distance from their classmates and teacher.
- There will be no more than 15 children in any classroom.
- Children will always enter and exit the classroom one-by-one.
- They will also be provided with tissues to practice 'CATCH IT! BIN IT! KILL IT!'.

Keeping Clean

- Children will be encouraged to wash their hands regularly throughout the day.
- Children will only be allowed to go to the toilets one-at-a-time and encouraged to use the facilities assigned to their classes.
- The Year 6 area including the classrooms and toilets will be cleaned thoroughly at lunchtimes and again at the end of the day.
- Whenever we go outside, for playtime or PE, children will have to wash their hands before sitting at their desks.

STAY
ALERT 

CONTROL
THE VIRUS

 SAVE
LIVES

KEEPING US SAFE IN SCHOOL

WASH YOUR HANDS.

Regularly and thoroughly clean your hands with soap and water.

MAINTAIN PHYSICAL DISTANCING.

Keep at least 2 metres (6 feet) distance between yourself and others.

TRY NOT TO TOUCH YOUR EYES, NOSE AND MOUTH.

Hands touch lots of surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth.

CATCH IT, BIN IT, KILL IT!

If you need to cough or sneeze, catch it in a tissue. Then put it straight into the bin. If you don't have a tissue, remember to cough or sneeze into your elbow.

What can you do at Home?

- Parents must monitor their children's health and watch out for any of the following symptoms:
 - High temperature and Chills
 - Muscle aches and tiredness
 - Loss of sense of smell or taste
 - Headaches
 - Diarrhea
 - Rash
 - Persistent dry cough
- Even if you are unsure, you **MUST NOT** send your child to school if they exhibit any of the above mentioned symptoms and inform us of any illness.
- If adult or any member in household is displaying symptoms child must self-isolate for 14 days.
- If child is displaying symptoms -they must self-isolate for 7 days.
- Parents must wash their children's clothes as often as possible.
- Parents must also try and model good hygiene and safety standards at home.
